

01 November 2016

To whom it may concern

We have participated in the Microsoft Excel Training offered by Step Ahead Academy on 21st June 2016. The training was very successful, relevant to the delegates and also exceeded our expectations. The facilitator was professional and very knowledgeable.

We have found Step Ahead Academy to be an institution that delivers on their promises and we would like to work with them again in future.

Kind Regards

Sydney Khosa
